

SCALE IMPACT

BY IVYDALE & BRIGHT GREEN

Organisations are under unprecedented pressure from internal and external stakeholders, to accelerate their sustainability capabilities and demonstrate substantive improvements. Our programme makes sustainability accessible and scalable to everyone within your organisation, to support you to deliver on your commitments.

OUR PRODUCT

Accessible learning modules on sustainability topics

On-demand digital format to allow for self-paced learning

Easily scaled with customisable learning pathways

Reinforced action-learning for sustained behaviour change

Action-focused for tangible impact

Scale Impact is a digital platform that provides on-demand training, coaching, and facilitated peer group learning to support sustainability transformation.

We utilise proven techniques to reinforce learning and embed sustainable behaviour change, including short-form, accessible training content, in combination with coaching and action-learning.

OUR ADVANTAGES

ENGAGING

Accessible format supports uptake and learning outcomes

REPORTING

Provides data and insights to support sustainability reporting

IMPACTFUL

Enables lasting behaviour change by educating and empowering employees

SUSTAINED CHANGE

Complements sustainability transformation and culture change for improved sustainability performance

OUR IMPACT

Implement and attain your sustainability goals.
Up-skill staff at all levels of your organisation to execute your sustainability strategy.
Ensure future-readiness by building in-house sustainability capabilities.
